

PR 486: INTRO TO DESIGN TOOLS

THE BASICS OF DESIGN

**DESIGN IS THINKING MADE
VISUAL.**

Saul Bass

DESIGN NEED NOT BE COMPLEX OR OVERTHOUGHT OR SCARY!

- ▶ We see design every day. As humans, we are intuitively drawn to pleasing aesthetics. We have some built-in design instincts.
- ▶ Think about how you react to certain colors – like the red of a stop sign.
- ▶ Think about how you feel when you look at ads, or read signs.
- ▶ Think about how your brain sometimes tries to right things that are crooked, or notices when spacing is off, or gets overwhelmed when you can't figure out where to start reading a poster.

**SOMETIMES, WE HAVE A FEELING THAT
SOMETHING IS OFF-KILTER, EVEN IF WE
CAN'T PUT A FINGER ON WHY IT BOTHERS
US. SAME WITH THINGS WE FIND PLEASING.
WE CAN'T ALWAYS EXPLAIN WHY WE LIKE
IT. THIS IS OUR DESIGN INTUITION AT WORK.**

**I'M NOT SURE WHAT I WANT,
BUT I'LL KNOW IT WHEN I SEE
IT.**

Every terrible client, ever

**IF YOU WANT TO MOVE PAST THE TERRIBLE
CLIENT MENTALITY, YOU SHOULD LEARN
SOME BASICS ABOUT DESIGN. THAT WAY,
YOU CAN BETTER ARTICULATE WHAT
YOU'RE LOOKING FOR INSTEAD OF HOPING
SOMEONE CAN READ YOUR MIND.**

SOME BASIC DESIGN CONCEPTS

- ▶ Color
- ▶ Typeface
- ▶ Hierarchy
- ▶ Spacing / Rhythm

COLOR

- ▶ Certain colors can evoke certain feelings and emotions.
- ▶ Don't overuse color. Sometimes all you need is two or three.
- ▶ Don't use too many bold shades. One will catch someone's attention; five will make people's eyes bleed.
- ▶ If you're not sure about color combos, there are some basic rules you can follow by looking at a color wheel.

COLOR WHEEL RULES

- ▶ **Complementary colors:** Colors that are opposite each other on the color wheel. For example, blue + orange, red + green, yellow + purple.
- ▶ **Analogous colors:** Colors that are next to each other on the wheel. For example, green + yellow, red + purple, blue + green.
- ▶ **Monochromatic colors:** The same color, but in different shades. For instance, red + pink.

COLOR THEORY

QUICK REFERENCE SHEET

CMYK SUBTRACTIVE

CREATED WITH INK

WHEN WE MIX COLORS USING PAINT, OR THROUGH THE PRINTING PROCESS, WE ARE USING SUBTRACTIVE COLOR METHOD. SUBTRACTIVE COLOR MIXING MEANS THAT ONE BEGINS WITH WHITE AND ENDS WITH BLACK; AS ONE ADDS COLOR, THE RESULT GETS DARKER AND TENDS TO BLACK.

RGB ADDITIVE

CREATED WITH LIGHT

IF WE ARE WORKING ON A COMPUTER, THE COLORS WE SEE ON THE SCREEN ARE CREATED WITH LIGHT USING THE ADDITIVE COLOR METHOD. ADDITIVE COLOR MIXING BEGINS WITH BLACK AND ENDS WITH WHITE, AS MORE COLOR IS ADDED, THE RESULT IS LIGHTER AND TENDS TO WHITE.

COLOR MEANINGS

RED	INTENSE, FIRE, BLOOD, ENERGY, DANGER, LOVE, PASSIONATE, STRONG
RED VIOLET	ROYALTY, POWER, NOBILITY, WEALTH, AMBITION, DIGNIFIED, MYSTERIOUS
BLUE	SKY, SEA, DEPTH, STABILITY, TRUST, MASCULINE, TRANQUIL
GREEN	NATURE, GROWTH, FERTILITY, FRESHNESS, HEALING, SAFETY, MONEY
YELLOW	SUNSHINE, JOY, CHEERFULNESS, INTELLECT, ENERGY, ATTENTION
ORANGE	WARM, STIMULATING, ENTHUSIASM, HAPPINESS, SUCCESS, CREATIVE, AUTUMN

ANALOGOUS

COLORS THAT ARE ADJACENT TO EACH OTHER ON THE COLOR WHEEL

RED	RED ORANGE	YELLOW ORANGE
YELLOW	YELLOW GREEN	GREEN

COMPLEMENTARY

COLORS OPPOSITE EACH OTHER ON THE COLOR WHEEL

BLUE GREEN	RED ORANGE	YELLOW	VIOLET
BLUE	ORANGE	YELLOW GREEN	RED VIOLET
BLUE VIOLET	YELLOW ORANGE	GREEN	RED

TRIADIC

THREE COLORS SPACED EQUALLY APART ON THE WHEEL

RED	YELLOW	BLUE
RED ORANGE	YELLOW GREEN	BLUE VIOLET
ORANGE	GREEN	VIOLET
YELLOW ORANGE	BLUE GREEN	RED VIOLET

SPLIT COMPLEMENT

A COLOR AND THE TWO COLORS NEXT TO ITS COMPLEMENT ON THE COLOR WHEEL

YELLOW	BLUE VIOLET	RED VIOLET
YELLOW GREEN	VIOLET	RED
GREEN	RED VIOLET	RED ORANGE
BLUE GREEN	RED	ORANGE
BLUE	RED ORANGE	YELLOW ORANGE
BLUE VIOLET	ORANGE	YELLOW
VIOLET	YELLOW ORANGE	YELLOW GREEN
RED VIOLET	YELLOW	GREEN
RED	YELLOW GREEN	BLUE GREEN
RED ORANGE	GREEN	BLUE
ORANGE	BLUE GREEN	BLUE VIOLET
YELLOW ORANGE	BLUE	VIOLET

GRAYSCALE

INTENSITY OF BLACK

BLACK	GRAY	WHITE
-------	------	-------

MONOCHROMATIC

COLORS OF SINGLE HUE

BLUE	BLUE	BLUE
RED	RED	RED

TYPEFACE (ALSO KNOWN AS FONTS)

- ▶ Fonts can convey meaning and a specific feel. You wouldn't use a frivolous cursive or handwriting-style font if you were talking about a serious subject matter!
- ▶ Readability is key. Don't use a cursive font in all caps. That's just terrible.
- ▶ Serif fonts have little "feet." Think Times New Roman.
- ▶ Sans-serif fonts don't have feet (like this font). Think Arial or Helvetica.

MORE TYPEFACE TIPS

- ▶ Don't use more than two or three fonts at once or you'll look like a club flyer.
- ▶ Pairing a sans-serif and a serif font together is a classic pairing. You can also pair two sans-serif fonts or two serifs. Just make sure they don't look radically different from each other if you use two serifs or sans-serifs.
- ▶ You can always use one typeface in multiple weights, like regular and bold, or thin and bold. You want some contrast.
- ▶ Google Fonts is a great source for fonts! (And it's free!)

HIERARCHY

- ▶ If everything is the same size or color, no one will know what to look at first. Make the important stuff stand out. Make it bigger, use a highlighting color, etc.
- ▶ Contrast is a great principle to think of when thinking of hierarchy. If something looks different than the other text on it, it's eye-catching. Same goes for if you use a photo.

YOU'LL READ THIS TEXT FIRST.

- ▶ I make a salient point here.
- ▶ Hey, that's a nice windmill.
- ▶ You can see these all over the desert in California.

SPACING AND RHYTHM

- ▶ Another way to think of this is grouping. If you group things together, it makes them seem related. For instance, if you're advertising a concert, you probably want to put the venue, date, and time near each other. On a business card, you want to put all the contact info near each other.
- ▶ Create a visual flow for a reader.
- ▶ Don't be afraid of white space. You don't need to fill up every square inch. Let your design breathe.

The Eby Emergency/Trauma Center

The Eby Emergency/Trauma Center treats more than 40,000 patients annually, including 1,500 major trauma cases. As a state-designated regional trauma center for Montgomery County and the surrounding area, we offer superior emergency care in a high-tech facility with a specially trained medical team.

In addition, we are a certified Stroke Center with a dedicated NIH Stroke Team, which provides rapid diagnosis and cutting-edge treatment of strokes. Our rapid chest pain evaluation provides early recognition of heart attack, which can now be treated in our new, state-of-the-art NIH Heart Center at Suburban Hospital. A separate Pediatric Emergency Center is staffed 24 hours a day by an emergency pediatrician and specially trained pediatric staff.

Thank you for your support of quality patient care!

**Suburban Hospital Auxiliary
23rd Annual
GOLF TOURNAMENT**

September 15, 2008
Woodmont Country Club • Rockville, Maryland

Benefiting the Eby Emergency/Trauma Center at Suburban Hospital

About the Tournament

Suburban Hospital 23rd Annual Golf Tournament, sponsored by the Suburban Hospital Foundation and Auxiliary will be held on Monday, September 15th at Woodmont Country Club. This year's tournament will be benefiting the Eby Emergency/Trauma Center at Suburban Hospital. This year's co-chairs are Larry Bank and David Ruben.

Event Highlights

- Brunch on the terrace and evening reception and dinner;
- Award ceremony;
- Putting Contest, raffle drawing and other opportunities to win great prizes;
- Commemorative tournament gifts;
- Exciting on-course activities to make your golfing experience an enjoyable one.

Golf Format

This year's tournament will be held on Woodmont's north and south courses. The tournament format will be Captain's Choice (scramble) to accommodate male and female golfers of all levels. Scramble format allows all golfers to hit from the best ball within the foursome, recording one score at the end of the play. Foursomes on each course will be divided into three divisions based on handicaps. First place prizes for best team in each division will be awarded at the evening reception and dinner.

Everyone will have a chance to win a prize. Closest-to-the-pin and Longest Drive competitions will be held with other specialty competitions to test your golfing skills. Jim Coleman Automotive will sponsor a hole-in-one contest on each course, giving everyone a chance to win a lease for a new Jim Coleman Cadillac, Infiniti, Toyota or Honda.

5 p.m. | Cocktails and Dinner

After

The Eby Emergency/Trauma Center

For over 25 years, Suburban Hospital has been home to the region's dedicated Level I trauma center. Thousands of individuals have been cared for after serious motor vehicle accidents, falls and incidents of personal violence, like the 2002 sniper attacks.

In 2006, Suburban Hospital was selected as one of just five "highly prepared" trauma centers in the USA. The center is constantly evolving by enhancing and adding new services for the community, such as certification as a primary stroke center, and emergency preparedness partnerships.

From the chef who sliced his hand with a razor-sharp knife to the high school sports star injured in a game, from victims of auto collisions on the Beltway to the grandmother who suffered chest pains while visiting from Florida, there is nothing routine about emergency care. Your support is needed to ensure that we continue to excellently meet ALL the emergencies and traumas that come through our doors.

Thank you for your support of quality patient care!

ADVANCING STEM LEARNING FOR STUDENTS IN OUT-OF-SCHOOL TIME

STEM Out-of-School Time (OST) Fact Sheet

WHAT IS THE STEM IN OST INITIATIVE?

The California Afterschool Network, in partnership with the California STEM Learning Network, is leading a statewide effort to advance students' understanding of science, technology, engineering and mathematics (STEM) in out-of-school time (OST). The goal of this initiative is to integrate high quality and engaging STEM activities in the more than 4,000 state-funded OST programs. Through its membership, stakeholders, and communications infrastructure, the California Afterschool Network has the capacity to reach one million young people and 40,000 OST professionals.

WHAT DOES THE INITIATIVE DO?

In November 2010, the initiative kicked off with a 10-month planning effort to examine ways of advancing students' understanding of STEM in out-of-school time settings. The critical question being answered during the planning period is: *What must be in place to create and implement a robust, statewide system that can deliver high quality STEM experiences during out of school time?*

Specifically, the goals of the planning effort are to:

- Build a knowledge base or "map" of available resources and assets to support the inclusion and implementation of high quality STEM learning opportunities for OST learning
- Design a STEM OST workforce capacity development system to increase OST professionals' exposure, interest, comfort, and skill to provide quality STEM content and activities to students
- Plan and pilot test three regional OST STEM Innovation Centers that can connect OST programs to appropriate physical and online resources, curriculum, training, funding opportunities, and individuals to facilitate bringing promising STEM practices to scale

WHAT ARE THE CRITICAL RESOURCES FOR THIS INITIATIVE?

ASES: Established in 2002 by Proposition 49, the After School Education and Safety (ASES) program funds local after-school education and enrichment programs. ASES serves K-9 students through partnerships between schools and community resources to provide academic enrichment in high-need communities. The ASES program serves as an excellent foundation for providing high quality STEM activities to the students because:

- California's extensive network of 4,000 state-funded out-of-school programs provide the perfect setting in which to expand the number of hours spent in quality STEM activities
- Out-of-school settings are ideal places to deliver STEM activities in innovative ways that have relevance to students
- Out-of-school settings reach a diverse group of students at a developmental stage when they lose interest in STEM
- Out-of-school settings provide an excellent training ground for future STEM educators
